This is a letter in reference to Kenneth Henke legal life insurance policy reference number: W655529-28. I Sheryl Fisher, in response to death of Kenneth Henke my father is submitting a Rival Claim number 21611001002.

After further review of dad's Life Insurance this is my findings:

- 1) In the presence and witness of a UAW Lawyer (female). I Sheryl Fisher, Alex Fisher, (father) Kenneth Henke and Susan Sawyer-Teem as a family discuss all issue regarding financial and medical.
- 2) In discussion of financial and medical it was asked of me, Sheryl Fisher, to be director of said finances. I replied, "No, that I didn't feel comfortable with being director of dad's financial estate. Susan Sawyer was never asked by Kenneth Henke to be financial director at said time.
- 3) Next, I Sheryl Fisher, being asked by my father if I would consider being medical director. I replied, "Yes, with honor."
- 4) Kenneth Henke had a prior UAW policy which he altered back around 2004. We do not know what changes were made on said policy.
- 5) In this meeting, I suggested to my father that he should have a Professional Financial Advisor to be overseer of his estate. But I stated to him it was up to you what you thought was best.
- 6) Another thing to note is that neither of these siblings were asked to be present at this meeting. They were Brenda Beecher and Kenneth Henke Jr. Also, Mark Henke was at the meeting but due to mental issues wasn't capable of participating and retained himself in another room.
- 7) In considering of said policy I was only aware of this one discussion in who would be beneficiary. It was clear that Brenda Beecher and Kenneth Henke Jr. we're not to be included as beneficiary. Mark Henke was only stated by dad that he would be taken care of...to what means is not clear.
- 8) Finally, dad clearly stated, by his own wishes, that I would be beneficiary because he never had to financially help me in any form or matter. He then looked at Alex Fisher and said, "I appreciate all that you have done for my daughter. And I respect you as a man doing what God would have you do."

Summary: Why I feel this way? My father and I have always been close prior to Susan coming into his life. Out of all dad's siblings he trusted me the most. However, upon him moving in with Susan, my relationship with dad changed. I even offered to buy a bigger home for him and Mark to live with me so that I could provide for their personal and medical needs. But he refused my offer. What is upsetting and very strange is that every phone call I made was put on speaker phone. This was uncomfortable and unacceptable knowing that Susan was listening to said conversation. I was never allowed to enter her premises to see my dad.

And Inclusion: Please take into consideration the facts of this situation. I do know my father was being manipulated by Susan. I feel a lot of changes have been made concerning dad and Mark in the last year without any of his children's knowledge including the changing of Doctors that they had for years. And at the funeral home Susan approached me to let me know that I had been removed from

the policy. Her own words quoting to me, "You are no longer on the policy sweetie as of a month ago." This why I felt it necessary to contact you in regards to this matter.

To Whom it may concern

My name is Randy Kenpe and I was helping and looking after Mr. Henke and his son Mark in this time. Mr. Henke and I had a few conversations about what he would like to do if he was to pass away because he was not doing real well health wise.

1) He wanted to make sure that his son Mark was taken care of and looked after.

2) Mr. Henke also stated to me on more than one occasion that he was not going to leave nothing to his son Kenry or his daughter Brenda because they would do nothing but piss it away.

3) Mr. Henke did tell me that he wanted to leave something to Alex and his wife because he loved Alex to death because Alex was always there when something needed done. For example just there when Alex and his wife came from down state to fix and patch

the roof on his house because
it was leaking. There were
many things that Al had
done for Mr. Henke too many
to write them all down.

This is what I remember
of the conversations between
Mr. Henke and myself.
